

The New England Power Generators Association (NEPGA) in partnership with The Dupont Group will host the eight annual New England Energy Summit, an event that will bring together industry leaders, end users and policymakers to address emerging issues and engage in impactful discussion. The Summit will be held at the Colonnade Hotel in Boston on Tuesday December 1st, with a cocktail reception immediately following. We anticipate 150-200 attendees including industry professionals, trade association representatives and public officials from legislatures and regulatory agencies from across New England.

This year's agenda will include a special fireside chat of outgoing ISO New England President & CEO Gordon van Welie with Thad Hill. This will recognize Gordon's more than two decades of service to the region and offer a unique CEO-level conversation reflecting on his tenure and the state of the electricity market in New England. In addition, we will feature a CEO Roundtable of industry leaders in our CEO roundtable which will be moderated by former FERC Chairman Cheryl LaFleur and will feature John O'Brien, JERA Americas; Sarah Wright, Hull Street Energy; Sherman Knight with CPV, and Justin Trudell, FirstLight Power. In addition, we will have panel discussions on emerging data center opportunities and lessons learned for the region as well as a look at impacts from financial markets and policies for the industry.

The event is set to coincide with other NEPOOL and Consumer Liaison Group meetings held in Boston over the following days. The Summit will be open to the media as we set the stage for important market and public policy issues looking into 2027.

To keep the cost of attendance low and to promote the Summit, we seek additional champions for our event. Specifically, we offer the following opportunities for sponsorship: Presenting Partner \$10,000; Lunch or Reception Sponsor \$7,500; Contributing Sponsor \$5,000; Supporter \$2,500; and Friend \$1,000. Please review the attached "Sponsorship Opportunities" document for more detail. We will promote the Summit throughout the upcoming weeks and would like to feature sponsors in our marketing efforts, so your early action is important.

We hope you find this opportunity attractive. If you have any questions, feel free to contact Kate Horgan at khorgan@dupontgroup.com.

Sincerely,
